

EXHAUST HOOD – DRYER VENT PRODUCT DATA

DESCRIPTION

Exhaust hoods/dryer vents are manufactured with galvanized steel, aluminum, stainless steel and satin coated steel

APPLICATIONS

Used to exhaust indoor air from dyers or from kitchen and bathroom exhaust fans

FEATURES AND BENEFITS

- 4" Diameter is stamped construction to insure consistent quality
- Satin coat steel (Galvanealed – paintable rust proof coating) is available to paint to match exterior brick/siding colours.
- 10" long pipe to go completely through exterior walls.
- Built in damper prevents cold air from entering vent.
